

# Mill Plain Bus Rapid Transit C-TRAN

Project Completed  
(Service began: October 1st, 2023)

## Project Information

RTC funding: \$4,805,000 CMAQ  
Total Project Cost: \$50,000,000  
Project Type: Transit  
Project Length: 10.00 miles  
Function Class: Principal Arterial

## Project Description

Construction of a second Bus Rapid Transit line (“The Vine”) between downtown Vancouver and Mill Plain Transit Center in East Vancouver. The project included 37 new individual stations, a new 9-bay transit center, one modified existing station (Turtle Place), eight (8) 60-foot articulated buses, and further upgrades along the corridor. Rider information signs, level boarding, enhanced security measures including surveillance cameras, and on-platform ticket vending machines were also installed.

## Project Benefits

- Reduce congestion and emissions
- Improve fuel efficiency
- Reduce maintenance and operating costs
- Improve safety

## Project Funding

Phase	Year	Federal Funds	Other Funds	Total
Design	2019	\$1,500,000	\$4,504,500	\$6,004,500
Right of Way	2020		\$676,000	\$676,000
Construction	2022	\$3,305,000	\$40,014,500	\$43,319,500
Total		\$4,805,000	\$45,195,000	\$50,000,000
